Although this Handbook is a general reference publication for all of us in the Stetson University community, it is designed especially for students who are entering the University for the first time during the 1979-1980 academic year. We want you to use this publication as a guide in orienting yourself to who and what we are at Stetson.

All of us together are members of the Stetson family. We feel that your opportunities here are limited only by the choices you wish to make. This handbook will help you to choose the experiences and challenges which you would like to encounter as a part of the Stetson community.

It is good to have you among our number. We care very much about you as a person. We wish you welcome and Godspeed.

HISTORY AND TRADITION

INTRODUCTION TO THE HANDBOOK

It is our hope that every student will read this book carefully before coming to Stetson. It is written in an informal, narrative style in an effort to share with you some of the spirit along with the facts which we think blend together to make Stetson a fine university.

The book begins with a statement of the goals of the University and a description of the symbols and traditions which are a part of the heritage of every Stetson student. We have attempted to trace the development of the physical plant of the University and to relate its growth to the DeLand community.

It should be understood that the Handbook is an official University publication and each student is held responsible for information contained in the book. It is especially important that the student be familiar with the sections pertaining to academic affairs and to student life, regulations, and services.

THE GOALS AND PHILOSOPHY OF STETSON

In the Stetson University Bulletin (the official University catalogue) for 1979-1980, you will read this statement under the heading, "The Goal."

"Stetson University strives to provide a stimulating academic experience for its students. The faculty, highly qualified and widely recognized for significant research and publication, is primarily committed to the idea of a teaching university.

"Stetson offers a low student-faculty ratio, a flexible and responsive curriculum, special honors programs, independent study plans, and a University-wide counseling service involving students, faculty and professional counselors. The University continuously offers a quality educational opportunity, keeping in mind the need to develop the personal values and social commitments of its students.

"Stetson University provides the advantages of a small college liberal arts education and the opportunities for individual choice and development found in the variety of studies offered by a university. Stetson is neither a small college nor a large, impersonal institution: Stetson is a small, unique university of high quality, one that concerns itself with individual student growth and intellectual development, while providing wide choice in career and vocational study."

One of the major purposes of this Handbook is to describe some of the ways in which Stetson attempts to fulfill this goal. Actually, we believe that the symbols, traditions, academic opportunities, and extracurricular activities are all a part of a student's total education. We take pride in the fact that Stetson students are the type who are willing to take responsibility and to be involved in decision-making processes. This book describes the Residence Hall program and the Security and Traffic program, both of which are entirely staffed and operated by students. As you read about the traditional committees, you will see that every committee is chaired by students. In addition to this, it should be noted that all University-administrative-faculty committees with few exceptions have student representation. The exceptions are in those areas dealing with financial and academic affairs in which the University Charter charges specific officers with responsibilities. The philosophy of the University is based on the belief that it is not enough for a college graduate to be able to earn a good living. The graduate's education is incomplete if he has not also increased his capacity to enjoy a good and satisfying life.

THE DELAND COMMUNITY AND STETSON UNIVERSITY

The city of DeLand and Stetson University have literally grown up together. DeLand was a small village when Mr. Henry DeLand, the principal citizen of the town, conceived the idea of founding a school. The first classes of "DeLand Academy" were held in the First Baptist Church of DeLand in 1883. The Academy became a college in 1885. In 1889 the name was changed to Stetson University in honor of the famous hat manufacturer, John B. Stetson, who made generous contributions to the University both in time and money.

DeLand Hall, one of the best-loved buildings on the campus, is a reminder of the vision and dream which Mr. DeLand had when the University was founded. This small building in the center of the campus was the first building to be erected in the state of Florida for the teaching of higher education. It has been preserved in its original construction and now houses the Department of Speech and Forensics.

The University was a College of Liberal Arts until the founding of the College of Law in 1900, the first law school in Florida. The College of Law was moved to St. Petersburg in 1954 where larger courts and other advantages were available in that metropolitan area. Stetson also pioneered in the teaching of music and business administration and in offering graduate work leading to the MA degree.

Through the years, as the University has grown in academic strength and physical size, the good will existing between the city of DeLand and the University has grown also. They combine efforts in many enterprises to promote cultural and educational opportunities for the community.

The proximity of DeLand to the Daytona and New Smyrna beaches, Orlando, Disney World, and other interesting places makes this part of Florida a very desirable location for a small university.

STETSON SYMBOLS

THE SEAL

"Pro Deo et Veritate." The most familiar and significant symbol of Stetson is the seal bearing the school's motto, "For God and Truth."

THE MACE

Students are introduced to the official University mace at the first convocation every fall. The faculty marshal carries the beautiful silver mace designed especially for Stetson. It is used at every official processional march. Its significance lends special dignity to the University graduating ceremonies.

THE COLORS

The Stetson colors, green and white, were adopted about the same time as the seal and were used at the beginning of intercollegiate athletics in Florida. At the first commencement in 1893, the stage was decorated with green and white. It is believed that the colors were chosen from the rich green of the orange trees and the pure white of the orange blossoms.

ALMA MATER

Dear Alma Mater, smile upon thy children!
Gladly we greet thee, altogether lovely;
Peace be within thy classic halls and temples,
Hail, Alma Mater dear!

Hail to the heroes who have gone before us,
Young men and maidens, filled with true devotion!
Bright is their glory, fadeless and undying,
Hail to our heroes gone!

Hail to our classmates, bound by ties ne'er broken;
Here once again we pledge our vows of friendship;
Brave hearts and true hearts sound aloud the chorus,
Long live our comrades dear!

Dear Alma Mater, tenderly thy children
Gather, and bring to thee gracious salutations;
Comrades, your voices lift once again in chorus;
Hail, Alma Mater dear!

HULLEY TOWER

The Tower located between DeLand and Chaudoin Halls was named in honor of Dr. Lincoln Hulley, a former president of the University. The Tower houses the Eloise Chimes which were the gift of Stetson alumni in honor of Mrs. Hulley.

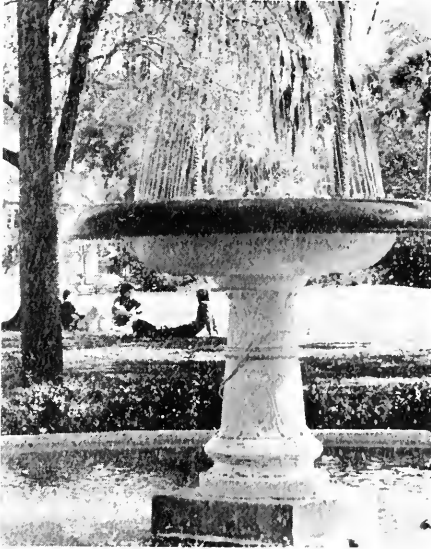

THE CUPOLA

The white cupola atop Elizabeth Hall, the administration building, is a familiar sight in the community. It is lighted at night and can be seen throughout DeLand. The cupola is now used to identify Stetson stationery and as a symbol on many publications. The alumni news magazine is called "The Cupola."

THE FOUNTAIN

The Holler Fountain, which is illuminated by night with multicolored lights, is located in the center of a triangle formed by Elizabeth and Sampson Halls and the duPont-Ball Library. This triangle is distinguished by its double row of tall palm trees on all three sides. The fountain was the gift of Mr. W. E. Holler, Jr. of DeLand in honor of his father.

THE LITTLE HATTER

A jolly little fellow wearing a Stetson hat and known affectionately as the Little Hatter is a humorous symbol which is well known to all students and alumni.

THE FOREST OF ARDEN

The Forest is a well-loved spot on the campus. In the early history of the University this was the setting for many Shakespearean plays and for May Day activities. In recent years it has been the scene of Homecoming and Parents' Weekend picnic luncheons, of musical concerts, and prior to the erection of the Edmunds Activities Center was the site for Commencement exercises.

THE HAT

The Stetson Hat has long been a symbol for the University. The meaning of course is derived from the fact that Mr. John B. Stetson, for whom the University was named, was a manufacturer of hats. This symbol is used to identify the athletic teams as "The Hatters," the Annual, and other publications. The Hat is often used as an emblem for books, cards, etc.

STETSON TRADITIONS

HATTER HOLIDAY

An annual event to which the entire university is invited is Hatter Holiday. Sponsored by the Union Board, this is a Saturday of fun and food scheduled each Spring at a nearby recreational area where opportunities for boating and swimming are available. In addition to these activities, various games and contests are arranged.

CHRISTMAS CANDLE AND YULE LOG LIGHTING

One of the best-loved traditions at Stetson is the annual candle lighting. This is held at the end of the last week of classes before Christmas. Every window in the women's residence halls and in the Carlton Union Building has a lighted candle, and for a thirty-minute period Christmas carols are played on the chimes in Hulley Tower. At the conclusion of the chimes concert, the Yule Log is lighted and a Christmas program is presented. Following the program a Christmas open house is held in Chaudoin Hall for all students. The student deans are the hosts for this affair.

HOMECOMING

Homecoming at Stetson is held in the Winter. The emphasis is placed on providing a program which students as well as returning alumni can enjoy. It is traditional to bring to the Edmunds Activities Center some outstanding entertainment (in recent years, such names as Bill Cosby, "The Association," Doc Severinson, and Steve Martin have appeared), to feature Stetson's winning basketball team, and to arrange a dance, dinners, breakfasts, and luncheons where old friends can renew acquaintances and meet present students.

GREEN FEATHER

Every Fall, Stetson students have their own community fund drive. "Green Feather Week" involves many students who raise funds by participating in variety shows, art festivals, flea market sales, and many other activities climaxed by a gala Carnival at the end of the week. Annually students raise between six and eight thousand dollars to share with the DeLand United Fund and with worthy organizations in the community. The chairmen for Green Feather are students.

PARENTS' WEEKEND

Stetson's 20th annual Parents' Weekend was held in 1979. Each year some 1,200 parents come from all parts of the country to see the University. An extensive program is planned for the weekend. Emphasis is placed upon providing opportunities for parents to meet and visit with faculty and administration and "to become acquainted with the campus." As is the case with all programs of this kind, students serve as chairmen of the committee.

MODEL SENATE

In 1979 the eighth annual Model Senate was held on the Stetson campus. This unique program is planned and executed by students with the assistance of professors in the Departments of History and Political Science.

The committee membership is composed entirely of students. Each year outstanding political leaders are invited to participate, and schools throughout Florida and the Southeast send student representatives. Each student delegate assumes the role of a United States Senator and has the experience of introducing bills, discussing and voting on legislation, and participating in the caucuses. The visiting political leaders in 1979 were Senator John Culver (D-Iowa), Florida Congressman Bill Chappell, and Dr. Floyd M. Riddick, former Parliamentarian of the U.S. Senate. The keynote address of the 1980 Model Senate will be given by Senator Harrison A. Schmitt of New Mexico.

CHRISTIAN THEOLOGY LECTURE SERIES

In 1976 a lecture series on Christian Theology was inaugurated. This annual series of lectures, made possible by the generous gift of an outstanding Baptist layman and his wife, brings many exceptional theologies to the campus. Lecturers for the series have been:

- 1976—Dr. Grady C. Cothen, President of the Sunday School Board of the Southern Baptist Convention
- 1977—Dr. R. Lofton Hudson, Founding Director of the Midwest Christian Counseling Center, Kansas City, Missouri
- 1978—Dr. John Newport, Rice University, Houston, Texas
- 1979—Dr. Theron D. Price, Furman University, Greenville, South Carolina

CHRISTIAN COMMITMENT PREACHING SERIES

This effective preaching series was initiated on the Stetson campus in 1975. The sermons are delivered in the month of September. Guest preachers have been:

- 1975—Mr. C. Ernest Harvey, Missionary to Mozambique
 - 1976—Dr. John McClanahan, Pastor, First Baptist Church, Pine Bluff, Arkansas
 - 1977—Dr. W. Randall Lolley, President, Southeastern Baptist Theological Seminary, Wake Forest, North Carolina
 - 1978—Dr. William L. Self, Pastor, Wieuca Road Baptist Church, Atlanta
- Scheduled for September 26-28, 1979, is Dr. John Claypool, Pastor, Northminster Baptist Church, Jackson, Mississippi

UNIVERSITY CHAPEL SERVICE

Many members of the Stetson Community voluntarily join together in worship at the weekly Wednesday morning Chapel Service. A variety of worship experiences is planned by the Chapel Committee which is composed of students, faculty, and administrators. All members of the University community are encouraged to participate in this interdenominational chapel service. Through the years this has become a very meaningful tradition at Stetson University.

THE UNIVERSITY PHYSICAL PLANT

THE UNIVERSITY PHYSICAL PLANT — ACADEMIC BUILDINGS

DeLAND HALL, the first building constructed on the campus, is presently occupied by the Speech and Theatre Department. This building was followed in the early years of the University's growth by several other buildings which are still in use. All of them have retained their original architecture while undergoing modernization and repairs.

ELIZABETH HALL, the administration building, also houses the main auditorium and a large number of classrooms of the Liberal Arts College. This red brick building with the white cupola was patterned after Independence Hall in Philadelphia.

ELIZABETH HALL

FLAGLER HALL was originally built to house the Science Department and the College of Law. It is now used for Liberal Arts classrooms, data processing, the University print shop, and houses several of the University's museum collections. In 1977 the University renovated the building so that it could be used for additional classrooms and office space. In the summer of 1978, the offices of Admissions, Registrar and Student Affairs moved to this building.

SAMPSON HALL was Stetson's first Library building. When a new Library was constructed, the interior of Sampson Hall was restructured to house the Departments of Art and Foreign Languages.

The duPONT-BALL LIBRARY was completed in 1964. It is a beautiful, modern building which contains more than 380,000 catalogued items. Stetson was the first depository of Federal Government documents in Florida, and has since been appointed to be depository of Florida Government documents.

One note of special interest to most students is that the entire library was moved from its former building, Sampson Hall, to the new building in

one day by the Stetson community. Led by the President of the University, every administrative officer, faculty member, student, and employee of the University carried books by hand to their new quarters. It was an accomplishment thought to be unique and hitherto unknown. The event was highlighted by a barbecue picnic at noon for the entire campus and was shown on national television news programs. The ground floor of the Library presently houses the Departments of English and Education.

DAVIS HALL, the building which houses the School of Business Administration, was constructed in 1966.

SAGE HALL, a modern science center housing the Departments of Biology, Chemistry, and Physics was completed in 1967.

PRESSER HALL, the School of Music Building, was dedicated in 1970.

DE LAND HALL — The original DeLand Academy which was the beginning of Stetson University.

RESIDENCE HALLS AND OTHER CAMPUS BUILDINGS

Women's Residence Halls

STETSON HALL was the first building constructed to serve as a residence hall. It housed faculty members and students and also provided office space for some of the administrative offices. It has been enlarged and completely modernized to serve as a women's residence hall.

CHAUDAIN HALL was the first dormitory constructed to serve as a women's residence hall. It has been enlarged, renovated, and modernized through the years and is still one of the most pleasant dormitories on the campus.

CONRAD HALL was built originally to house male students. When a new complex of residence halls for men developed, Conrad was renovated to house women students.

EMILY HALL, the newest residence hall for women, was first occupied in 1955. Since that time a new wing has been added. This building is reserved for upperclasswomen.

CHAUDAIN HALL

Men's Residence Halls

CARSON, GORDIS, and SMITH HALLS were constructed at the same time and are therefore of similar style and architecture. These three buildings were named in honor of three well-loved professors who taught at Stetson for many years.

The newest residence hall for men is more modern and is air conditioned. This building is still known simply as "NEW MEN'S DORM."

The WHEELER HOUSE is a co-op house which accommodates eleven men.

FRATERNITY ROW is a circle in which five of the seven men's social fraternities have their living quarters. A sixth fraternity has a house on privately owned property off campus adjacent to these six. The seventh has a house located near the men's residence halls.

OTHER BUILDINGS

ALLEN HALL was built by Florida Baptists to honor a former Stetson president, Dr. William Sims Allen. The primary purpose of the building is to house religious activities, to provide space for worship and recreation and for the Baptist Campus Ministry offices. The BCM Director serves also as the Director of Church Relations. The building also presently serves an academic purpose in providing offices and a classroom for the Department of Religion.

The WESLEY HOUSE is the base for Methodist student activities.

STOVER THEATRE — This building, named in honor of Dr. Irving C. Stover, who was a professor of Speech and Drama at Stetson for more than fifty years, is the site of many plays and musical productions during the year. Recently the auditorium underwent extensive renovations providing new upholstered seats arranged to give an excellent stage view from every one. Also, new air conditioning and heating, carpeting, and other features have been installed to make this theatre one of the finest facilities for educational theatre in the area.

THE PANHELLENIC LODGE houses the social area and Chapter meeting rooms of each of the six National Panhellenic Conference sororities. The groups hold their weekly meetings and many of their social activities in these suites, but sorority members live in residence halls. It is not uncommon for members of different sororities to room or suite together. As a result there is a very strong "Panhellenic spirit" and Greek women have a feeling of respect and concern for all Greek organizations.

BRITAIN HALL houses the ROTC program and provides classrooms and recreational facilities for students enrolled in the military program.

ALUMNI HOUSE — This small, two story building which is headquarters for the Office of Alumni Affairs was among the first homes built in DeLand. It was a gift to the University and has been preserved in its original structure.

HOLLER FOUNTAIN, center of the Campus "triangle."

The "MINI-SUB" is a small building near the Union building where the office of the Stetson Union Board is located and where various activities sponsored by the Union Board are held.

THE COUNSELING CENTER is located in a large brick building near the Library. It is locally referred to as THE BRICK PALACE and was at one time the privately-owned home of a Deland family. It is to this center that students may go for counseling concerning vocational or personal problems. The staffs of the Counseling Center and the Office of Student Affairs work in close cooperation with each other.

The CARLTON UNION BUILDING, located in the center of the campus, was constructed in the mid-fifties. In 1968 the name was changed from the Stetson Union Building to Carlton Union Building in honor of former Governor of Florida Doyle E. Carlton who served many years as Chairman of the Stetson Board of Trustees. This large building incorporates the food services, including the cafeteria, the soda shop (known as the "HAT RACK"), private banquet rooms, and the President's Dining Room for official University entertaining. The Union Building also includes the University Bookstore, the Post Office, the Security and Traffic offices, the office of the Director of the Union, the office of the Director of Placement, committee rooms, guest rooms (which may be rented by parents and prospective students when available), recreation rooms, and a large student lounge. A large recreation area including ping pong and pool tables, electronic games, and a coffee house lounge area is located on the second floor of the north end of the building.

To use the committee rooms, the Private Dining Room or Stetson Room, reservations must be made with the Director of the Union Building. The Director's office is located on the second floor in Room 201.

The Carlton Union Building also houses the Student Assembly Office.

The EDMUNDS ACTIVITIES CENTER is the newest building on the campus. It was completed in 1975 and is named for a former President, now Chancellor of the University, Dr. J. Ollie Edmunds. This multi-purpose building contains staff offices and classrooms for both women's and men's physical education departments. It houses the basketball court of the Stetson Hatters, and provides for all students recreation rooms, saunas, weight lifting and various other equipment for athletic activities. The building is also constructed to be used for dances, concerts, and entertainment of all kinds. The acoustics of the building make it possible to have a wide range of speakers and musical programs. The Activities Center seats 3,800 comfortably and space permits additional seating up to 5,000. It has been filled to its greatest capacity on numerous occasions for such diverse programs as the U. S. Navy Band, Bill Cosby, Steve Martin, the Hanneford Indoor Circus (including elephants), basketball games, popular music concerts, and Commencement exercises.

ACADEMIC INFORMATION

ACADEMIC INFORMATION

The Stetson University Bulletin is the official University publication which contains information regarding degree requirements, grades, class attendance, academic probation, etc. The Academic Information booklet provides sample programs. Students should read these publications carefully. Material appearing there will not be repeated in this book. Here are the "how to" or "where" explanations and it is hoped that by using the three books to supplement each other, students will find the answer to most of their questions.

DEGREE REQUIREMENTS

In addition to the printed explanations, the Office of the Registrar maintains an up-to-date "check sheet" for each student. This outlines the requirements of the student's major and records his progress toward his degree. The student may sign out the check sheet from the Registrar's Office for registration and pre-registration, but it must be returned during this same period for updating.

CHANGE OF MAJOR

The "check sheet" in the Registrar's Office is set up according to the major that is recorded for the student in the Data Processing records. A student wishing to change a major does so in the office of his respective academic dean, who in turn notifies the Dean of Student Affairs.

ACADEMIC RECORDS

Academic records (transcripts) are maintained in the Registrar's Office. A student may examine a personal record at will. The record is not released to a third party except on the student's written request. Exceptions to this policy are administrative and faculty personnel within the University. One transcript is provided at no cost; after the first copy, each additional copy is \$2.00. Transcripts are withheld if the student's financial record is unsatisfactory.

GRADE POINT AVERAGE

Only courses completed at Stetson are included in a student's cumulative grade point average. Credits accepted from other institutions are included in total hours earned but do not affect the grade point average except in those rare instances when a transfer student is admitted with less than a C average. Upon admission, a student is required to earn a grade point average in Stetson sufficiently high to compensate for the deficiency brought from the former institution.

A Stetson student who transfers credits in by way of summer sessions or other terms away is governed by this same policy. A student who earns less than a C average in the other institution must have surplus grade points here so as to have a "C" average on all work undertaken. In practice, this policy is of no concern to the student who has a surplus of grade points. On the other hand, the student who is already on academic probation or who has exactly a 2.0 average will lower an average by unsatisfactory work elsewhere.

ACADEMIC LOAD

A student must average 14 hours per semester and 4 hours each winter term in order to graduate in four years. Students frequently adjust this load for various reasons. They should be reminded that a student who carries less than 12 hours is a *part-time* student. A part-time student does not qualify for the Honor Roll or Dean's List and may not qualify for certain kinds of financial aid or for other benefits which require certification of full-time status.

CHANGE OF REGISTRATION (DROP/ADD)

A drop/add period occurs during the first few days of each term. The exact dates for this period are included in the official University calendar and should be familiar to every student. In the drop/add period a student needing to make changes in the class schedule may get the necessary forms in the Registrar's Office.

After the drop/add period, there is a period during which a student may drop a course without academic penalty. In the fall and spring semesters, it is an additional 3 weeks. In the winter term or summer session it is, of course, much shorter. It is therefore imperative that the student consult the University calendar for the exact date each term. A change of registration during this period does not reduce charges. A course dropped after this period automatically carries a grade of XF.

PASS/FAIL

Juniors and seniors are allowed two pass/fail electives which are excluded from their grade point averages. These electives must be beyond all University requirements and outside the division in which the student is majoring. To exercise this option, the student must obtain a request for a pass/fail elective from the Office of the Registrar and have the form signed by the faculty advisor during the drop/add period. Such a request cannot be initiated after the last day to add a course.

During the winter term there are many pass/NC (no credit) options available. These are outside the restrictions outlined in the paragraph above and are arranged directly with the instructor of the course.

ACADEMIC PROBATION AND SUSPENSION

Any student whose cumulative academic average falls below "C" will be placed on academic probation, which is continued until a "C" average is regained. If a student on probation does not earn a "C" average in a semester, he may be dropped from the University. A freshman who in his first semester fails all of his work or a student who in a subsequent semester fails half his work may be dropped. A student dropped for academic failure may not re-enter the University except by permission of the dean of the college or school. If he is re-admitted, such a student resumes probationary status. Students receiving V.A. educational benefits, if readmitted, may continue on probation for one semester. If they do not maintain a "C" average for that semester they will be reported to the Veterans Administration as not making satisfactory progress toward their degrees.

ACADEMIC WITHDRAWAL

Official withdrawal from the University can be granted only after proper clearance from the Dean of the college or school concerned, the Office of Student Affairs, and the Comptroller's Office. Students who leave the University without permission automatically suspend themselves, and can be re-admitted only by special approval of the University Committee on Admissions. A grade of "XF" is recorded in such cases, for all courses. The withdrawal process begins in the Office of Student Affairs. No student is allowed to withdraw from school during the last two weeks of classes or final exam week for the two wing semesters, and during the last week of classes in the Winter Term. If, however, there are strongly mitigating circumstances warranting such a request for withdrawal, the Office of Student Affairs will hear the request.

CLASS ATTENDANCE

Independent study is encouraged at the University, but regular attendance is required in most classes. Stetson prescribes no general attendance rule; the individual colleges and schools may establish attendance regulations, but usually attendance requirements are established by individual professors for their own classes.

FULL-TIME STUDENT

Students who take 8 hours or more pay full tuition. The tuition for a class load less than 8 hours is based on a per hour charge. For all academic and financial aid purposes a full-time student is one who is taking a minimum of 12 hours (winter term, 4 hours; summer, 6 hours).

GRADE INVENTORIES

Once each semester, at mid-term, unsatisfactory grades are reported. This report is called a grade inventory. Only grades less than C are reported and these are not recorded on the student's permanent record. They are simply to give the student an idea of progress up to the time of the inventory. The Academic Deans send to each student and parents a copy of the report. It is the student's responsibility to arrange for conferences with the instructor, faculty advisor, a student dean, or anyone else whom the student feels may be of help.

IV

STUDENT LIFE, SERVICES AND ORGANIZATIONS

STUDENT LIFE AND STUDENT SERVICES

The Office of Student Affairs is the coordinating office for all matters pertaining to student life in non-academic affairs. Since it is impossible to separate the non-academic entirely from the academic, the Dean of Student Affairs and his staff cooperate in every possible way with academic deans and faculty members who are charged primarily with the academic pursuits of the students. The officers directly responsible to the Dean of Student Affairs are the Director and Assistant Director of Residential Life and the Director of Student Life who staff the Office of Student Affairs in Flagler Hall. They share with the Dean of Student Affairs the responsibility for handling resident and off-campus housing, for selecting and training residence hall staff, for providing personal and academic counseling, and for coordinating the student services and activities. Each staff member is responsible for specific areas of student life, but all are available to any student who seeks help in the Office of Student Affairs.

Other officers responsible to the Dean of Student Affairs are: the Director of the Carlton Union, the Director of the University Health Services, the Director of Career Planning and Placement, and the Director of Security and Traffic. Closely related to the Office of Student Affairs are the Director of the Counseling Service and the Director of Religious Activities.

STUDENT AFFAIRS COMMITTEE

The Student Affairs Committee is composed of students, faculty and administrative members. This Committee has functioned as a presidential committee since 1955 when it was established to deal with the non-academic areas of student life and to serve as a coordinating and advisory body for student organizations.

The Committee is responsible for approving new organizations, and changes in constitutions and by-laws of organizations. Any residence hall or University social regulation or policy comes first to the SAC for approval or for recommendation to the Dean of Student Affairs or to the President, depending upon the nature of the policy. The Dean chairs this important Committee.

Included in the Committee's student membership are representatives from the Student Assembly, the Judiciary Council, the Student Publications Board, the Stetson Union Board, the Religious Life Council, the Interfraternity and Panhellenic Councils, the residence hall staff, and elected representatives from each of the three schools on the DeLand campus (Liberal Arts, Business Administration, and Music). All organizations on the campus are responsible to the SAC.

UNIVERSITY RESIDENCE HALL INFORMATION

Stetson University prides itself on being a residential University. Approximately 1,400 undergraduate students are housed on campus in University residence halls. Stetson is concerned not only with the formal education of its students but with their total development. It is largely through the residence hall program that this effort toward personal growth and development is made manifest.

THE RESIDENCE HALL STAFF

Each of the residence halls has a Head Resident and a staff of Resident Advisers (RA's). The total staff is composed of over 120 students. Each spring a large number of applicants are carefully screened and selected to serve in this capacity. There are Spring and pre-school Fall workshops under the direction of the Department of Residential Life in which the new staff members are trained for their responsibilities. The Stetson University Residence Hall Staff is committed to working with students in the development of a sense of community conducive to academic and personal growth through programming, advising, and acquainting students with the total college experience.

RESIDENCE HALL POLICIES

Residence Requirements —

All students **MUST** live in the residence hall unless they meet one or more of the following criteria:

- A. The student has reached age twenty (20) by registration day of the **Fall Semester**;
- B. The student is married and lives with spouse;
- C. The student resides with immediate family and commutes to class (member of family for this purpose is defined as parent(s), guardian, uncle, aunt, grandparents, or brother/sister who are not themselves enrolled at Stetson University);

D. The student has earned sixty-four (64) academic hours (junior status) excluding CLEP hours.

Stetson University Housing Agreement —

The University desires to provide housing at the highest possible quality at the lowest possible rate. For this reason, all students who live on campus are required to sign a Housing Agreement. This agreement notes the terms and conditions, additional conditions and responsibilities, residency requirements, cancellation procedures, and refund of monetary payments. Detailed information is available from the Department of Residential Life.

Residence Hall Procedures —

Members of the University community who wish further information regarding Residence Halls, University policies and operation, should consult the Residence Hall Guidebook. Students interested in securing a Residence Hall assignment and students presently residing in University housing are urged to be familiar with the information and housing policies stated in the Guidebook.

The Residence Hall Guidebook complements the *Student Handbook* with relation to specific residence hall policies and procedures. It does not, though, negate adherence to the *Student Handbook* regulations.

THE UNIVERSITY HEALTH SERVICES

Stetson provides a full-time health service under the direction of the University physician. In addition, the staff consists of one advanced nurse practitioner, six nurses, a consulting pharmacist, and a consulting psychiatrist. The physician is in the Health Service at 1:00 p.m. on Monday, Tuesday, Thursday and Friday and at 8:00 a.m. on Wednesday. He is available at any time for emergencies or advice. Appointments with the consulting psychiatrist are made by either the Director of the Counseling Service or the Dean of Student Affairs when the occasion arises.

Students are requested to observe the regular Infirmary hours — 7:00 a.m. to 10:00 p.m. — daily except in emergencies. A nurse is on duty for emergencies from 10:00 p.m. to 7:00 a.m. On week-ends, the Health Service is closed from 2:00 a.m. Saturday to 6:00 p.m. Sunday. If medical assistance is necessary during this time, students are asked to use the emergency room of West Volusia Memorial Hospital which is located five minutes from the campus.

The staff is available for assistance and counseling, and students can feel free to go to the Health Service to discuss any problem related to their physical or emotional welfare.

Medical excuses covering absence from class or University exercises are not issued by University Health Service. Course requirements, attendance, opportunities and methods of making up missed work are functions of the faculty and academic administration. However, when an instructor feels it necessary to verify a student's statement of illness, he/she may do so by contacting the Health Service. The student should be seen at the Health Service the day of illness for medical treatment as well as verification of illness.

ALLERGY HOURS

Allergy clinic hours for students referred by their allergist are Monday, Tuesday and Friday from 9:00 a.m. to 11:15 a.m. Allergy shots will be administered by a Registered Nurse under the close supervision of the University physician. Students will be charged for all antibiotics and prescription medications.

HEALTH INSURANCE

It is very important that students and parents understand that the University does not provide any form of insurance for students. It is also very important for students who are included in family policies to bring this information and have the policy numbers available in the event of accident or emergency illness.

STUDENT ACTIVITIES

The Director of the Carlton Union has his office in the Carlton Union Building (Room 201). He works as advisor to the Stetson Union Board which is the student committee responsible for planning and promoting many of the student activities held on the campus. The Director working under the auspices of the Office of Student Affairs is responsible for the coordination and implementation of many University-wide events. In addition to advising and planning with the Stetson Union Board, he cooperates with the Artists and Lecturers Committee, and various other committees and organizations. His office sponsors such recreational activities as canoe trips, a canoe rental program, backpacking trips, etc.

STETSON UNION BOARD

The Stetson Union Board is the student organization responsible for most of the student activities, services and entertainment on the campus. The Board consists of a president, vice president and six representatives-at-large, all elected annually, and nine committee chairpersons who are appointed by the entire Board. The committee chairpersons, working with their respective committee members, oversee the activities and events in their particular area. The nine committees are as follows:

- The Cellar Door — provides coffee-house type entertainment
- Concerts — plans and implements all popular concerts
- Films — provides weekly films, usually on Friday nights
- Fine Arts — plans activities dealing with the arts; also keeps students informed of area art offerings and at times provides transportation to these events
- Hosting and Hospitality — functions primarily as a greeting and tour agency for prospective students and their families
- Public Relations — publicizes all SUB activities; also operates the poster room — a campus-wide poster printing service
- Radio — WHAT, a closed circuit radio station, broadcasts in the Carlton Union Building
- Recreation — sponsors canoe trips, backpacking trips, fishing expeditions, Bowl-a-Rama, etc. Also oversees camping equipment rental
- Student Services — operates the recreation area at the north end of the second floor of the Carlton Union Building and is responsible for student refrigerator rentals. It also oversees the Commons Committee which serves as a means of communication between the student body and the cafeteria management.

In addition to its regular activities, the Board is constantly striving to implement new ideas and functions. Leadership opportunities and sound administrative experiences are just two of the fringe benefits of working with the SUB. The Mini-SUB, site of the Board's office, is located directly behind Conrad Hall.

UNIVERSITY JUDICIARY COUNCIL

The University Judiciary Council serves as a link between the University Administration and the students. Any student's violation of University Regulations will be brought before the Council for adjudication. The Council in adjudicating each case tries to develop a sense of responsibility and high standard of conduct in each Stetson student as a corollary to its judicial function.

A private college is generally free to determine the nature and conditions of the educational service it wishes to offer. Where the institution makes clear its own expectations and provides an understanding of what it deems incompatible with its purposes, respect for its rules may be expected in the conduct of its students.

Decisions in the court system have concurred with the idea that attendance at a private university is a privilege. Institutions are not obligated to any student who may desire admission, and they retain the right to set standards.

The Judiciary Council consists of two sophomores, four juniors, and six seniors making a total of twelve members in all. One sophomore, two juniors, and three seniors will be female, while the corresponding numbers will be men.

Upon election to Council, the Dean of Student Affairs serves as adviser to the Council. Students maintain their position on the Council until expected graduation from the University. A Council member is eligible to pursue the position of President after having served on the Council for a period of at least one year, and is elected to office by the entire student body. The position of Vice-President is also elected by the entire student body, and the position of

Secretary is elected by the Council members themselves.

Elections to the Council are held every spring under the rules of the Council Constitution. No more than three members of any social fraternity or sorority may be members of the University Judiciary Council at one time.

JUDICIARY COUNCIL OF STETSON UNIVERSITY

ARTICLE I — JUDICIAL PROCEDURES FOR THE DEAN OF STUDENT AFFAIRS

The Dean shall receive all available information concerning the possible violation(s) including pertinent facts, evidence, statements, and names of witnesses.

Sec. 2 — The Dean of Student Affairs shall request that the student meet with the Dean for a conference at the earliest mutually convenient time to discuss the possible violation(s) of University regulations. If the student fails to appear for the conference and the Dean has in good faith exhausted all reasonable efforts to schedule a conference, the Dean, on the basis of the information available, may refer the matter to the Judiciary Council if it is determined a possible violation(s) of University regulations has occurred. This shall be accomplished in writing from the Dean to the student, with a copy sent to the President of the Council and an additional copy to the Chairperson of the Legal Affairs Committee of the Student Assembly, if the student so elects in writing.

Sec. 3 — When the student does appear for the conference with the Dean of Student Affairs, and before the conference begins, the student shall be informed that the conference is for the purpose of discussing possible violation(s) of University regulations. The student shall be afforded the opportunity to sign a written statement indicating that the conference is as indicated and that the student shall:

- a. have the right to remain silent, and not have that silence an inference of guilt. In such an event, the matter immediately shall be referred to the Judiciary Council should the Dean determine on the basis of the conference and the available information that there is sufficient reason for a referral;
- b. have the right to have an advisor and to be informed of the services of the Legal Affairs Committee of the Student Assembly that are available;

The determination of guilt shall be made by an examination of the evidence and the statements offered in conference between the student and the Dean. The decision of the Dean may be appealed to the President of Stetson University within seven (7) calendar days of the written advisement of the decision to the student.

ARTICLE II — JUDICIAL PROCEDURES FOR THE JUDICIARY COUNCIL

Sec. 1 — If the Dean of Student Affairs determines that, on the basis of the conference with the student and the available information, a possible violation(s) of University regulations has occurred, and the student has not elected to have the case reviewed administratively, the Dean shall refer the matter to the Judiciary Council. Sec. 2 — The President immediately shall appoint from the Council not more than three (3) of its members to serve as an Investigating Committee to act on the referral, to investigate the circumstances, to prepare the case for consideration by the Council, and to interview witnesses and others involved. The Dean of Student Affairs shall advise the Investigating Committee and the Council in the preparation of the case and in the procedural conduct of the hearing.

The name(s) of any witness(es) which the student wishes to be present at the hearing shall be provided to the President of the Council and to the Dean of Student Affairs not less than twenty-four (24) hours prior to the hearing.

Sec. 3 — If the student desires an extension of the forty-eight (48) hour notice, the student shall make such a request to the President of the Judiciary Council in writing in advance of the scheduled hearing of the Council to consider the case. Such request shall include the reasons for the extension and shall suggest a date and time when the case could be considered. The President shall have the authority to either deny or grant an extension and to set another date and time for the Council to consider the case.

Sec. 4 — The Dean of Student Affairs or the Judiciary Council, as appropriate, shall make every effort to hear the case immediately in order to remove any question the student has about continuance at Stetson. If the student withdraws from the University before appearing before either the Dean or the

Council, a mutually satisfactory meeting date shall be arranged. Pending the outcome of the hearing, a hold shall be placed on the student's record. If the Council deems that suspension or expulsion is warranted, this sanction shall become effective the date of the student's notification of the Council's action unless the Council recommends otherwise under special circumstances. The suspension shall apply to students in or out of school.

Sec. 5 — A suspended or expelled student may present to the Dean of Student Affairs a request for readmission to the University at least three (3) weeks prior to the beginning of the semester of readmission. If the original case was heard by the Judiciary Council, the Dean shall present the request to the Council who shall evaluate the request and decide to readmit the student or continue the suspension or expulsion. If the original case was heard administratively by the Dean, that officer shall make an evaluation and decision on the request for readmission.

Sec. 6 — The status of any student who resumes studies at the University after suspension or expulsion shall be that of Disciplinary Probation for the first semester.

Sec. 7 — The Council shall not be obligated to hear cases where the violation has occurred after the Friday prior to the last week of classes before final examinations of both Spring and Fall Semesters, as well as of Winter Term. In such instances, the Dean of Student Affairs shall have authority to act in all cases.

Sec. 8 — Violations of University regulations during the summer shall be adjudicated by an acting President of the Judiciary Council and at least five (5) members of the Council. Sanctions imposed during the summer shall be consistent with those rendered by the Council during the academic year.

ARTICLE III — HEARINGS

Sec. 1 — A quorum of the Judiciary Council to hear any case shall be two-thirds (2/3) of its voting membership. The Council shall first make a decision concerning the guilt of the student regarding the specific violation(s). The Council then shall impose a just and appropriate sanction should the decision be guilty. In both instances, a vote of two-thirds (2/3) of those voting members present at the hearing shall be required.

Sec. 2 — A student shall be allowed to have one (1) Stetson University (DeLand campus) student as an advisor during a hearing before the Judiciary Council. The advisor shall be allowed to assist the student in the presentation of the case, to include the facts of evidence, the testimony offered, and the student's questions of and response to the witnesses. The advisor may not speak directly for the student during questioning by members of the Judiciary Council. In answering a question, the student may seek assistance from the advisor.

Sec. 3 — Judiciary Council hearings on violations by students of University regulations shall be private unless the student or the Dean of Student Affairs requests otherwise. If the public proceedings become disorderly, or if there is a strong likelihood of such, the Judiciary Council may close the hearing. If moral turpitude is involved, the Judiciary Council may deny request for a public hearing.

Sec. 4 — When more than one student is involved in the same case and charged with the same violation, the cases shall be heard at the same time unless separate hearings are requested. The students shall be informed in advance by the Judiciary Council of the right to a separate hearing. before proceeding.

Sec. 5 — A student's prior record (legal or disciplinary) shall be inadmissible as evidence to prove guilt or innocence. However, this prior record may be considered by the Council in determining the appropriate disciplinary sanction, only after determination of innocence or guilt.

Sec. 6 — If, after the Judiciary Council hearing, additional evidence not presented in the hearing which could affect the final decision of the Council comes to its attention before final action is taken, the President shall direct that a new hearing be held to allow the student to present a defense.

ARTICLE IV — WITNESSES AT HEARINGS

Sec. 1 — The Council and the student both shall have the right to present material and character witnesses at a Judiciary Council hearing. Accused students shall have the right to ask direct questions of all witnesses. Witnesses shall appear before the Council during the offering of their own testimony, and shall respond to direct questions from either the student or a member of the Council.

Sec. 2 — When the student requests, for good cause, that witnesses not in attendance be present, the Judiciary Council may continue the hearing until such time that the witnesses may appear and be questioned. Requests for appearance shall be made by the President of the Council.

Sec. 3 — The Judiciary Council shall have the authority to request any salaried employee or student of Stetson University to appear as a witness if the Council believes that such witness could shed light upon the case. The Council may waive appearance if a witness feels that testifying might result in self-incrimination or violate or jeopardize a professional relationship with the student who is subject to the hearing. A witness who feels a need to be excused shall confer, in advance of the hearing, with the President of the Council, whose decision shall be binding unless immediately appealed to the Dean of Student Affairs.

Sec. 4 — When a witness fails or refuses to appear, the Judiciary Council shall decide whether or not to proceed on the basis of other evidence available. Written statements from absent witnesses shall be inadmissible. If the Council so desires, it may continue the hearing until the witness may appear and be questioned by the Council and the student.

Sec. 5 — A member of the Council shall not participate as a Council member in a case in which that member appears as a witness.

ARTICLE V — EVIDENCE

Sec. 1 — The Judiciary Council does not have the power to require sworn testimony of students appearing before the Council or of witnesses for or against the student. Refusal of a student to make a statement or to answer any or all questions shall not be a basis for a determination of guilt or innocence. Evidence or testimony presented must be substantial enough to prove guilt beyond a reasonable doubt. A record of civil arrest only shall not be considered sufficient for determination of guilt.

Sec. 2 — Evidence or information which is hearsay or unsubstantiated shall not be admitted before the Council either in the presentations with the student and any witnesses or in the deliberations of the members of the Council in arriving at a decision on the case. Hearsay evidence not admissible in Council hearings shall be defined as any evidence or testimony to which there either is no eyewitness or other similar direct knowledge thereof, or any testimony by an individual about what was told that person by a third party.

 - (2) No other items than those named on the permission form may be confiscated and used as evidence.
- c. The residence staff member entered the room with the knowledge that there was immediate danger to life or property.

Sec. 5 — Prior to obtaining any evidence in a room in University residential facilities, the staff member shall secure the appropriate permission and shall first knock on the door to the room and clearly announce name and official position before entering the room.

Sec. 6 — The Investigating Committee and the President of the Council shall have the right to declare evidence inadmissible and may do so only if it is irrelevant to the case or if it was obtained improperly.

ARTICLE VI — APPEAL

Sec. 1 — Upon receipt of the written notification of the decision of the Judiciary Council, all parties shall have the privilege of appeal directly to the Student Affairs Committee. Such an appeal shall be made in writing to the Dean of Student Affairs within five (5) class days after receipt of the notification, except that appeals based on Section 2(c) below may be made at any time. This written statement of intent to appeal shall include the basis on which the appeal is being made. A copy of this statement shall be provided concurrently to the President of the Judiciary Council.

Sec. 2 — The bases on which an appeal of a decision of the Judiciary Council may be made are:

- a. The Council committed a procedural error during the initial hearing;
- b. The rights of the student were violated;
- c. The sanction imposed does not concur with precedent;
- d. Additional evidence or information has been obtained which would tend to reverse a guilty decision. A decision of not guilty may not be reversed on the basis of additional evidence or information.

Sec. 3 — The Student Affairs Committee shall appoint a Review Board to consider such an appeal. The Review Board shall be composed of two (2) members of the faculty and two (2) students of junior or senior standing. These persons shall elect one from their number to serve as Chairperson of the Board. The President of the Judiciary Council shall serve as an advisory member of the Board, without vote, and shall participate in the presentation of the appeal but not in the discussion and decision by the voting members of the Board.

Sec. 4 — The Review Board shall meet within ten (10) class days of the notice of intent to appeal. Ordinarily, consideration shall be limited to a review of the evidence as established in the initial hearing by the Judiciary Council. The Review Board at its discretion, however, may consider further evidence and call witnesses.

Sec. 5 — The student shall meet with the Board, if the student so chooses, to present the appeal. The student shall have the right to have present at the appeal hearing by the Review Board another Stetson University (DeLand campus) student as an advisor.

Sec. 6 — Review Board hearings shall be private unless the student or Dean of Student Affairs requests otherwise. If the public proceedings become disorderly, or if there is a strong likelihood of such, the Board may close the hearing. If moral turpitude is involved, the Board may deny a request for a public hearing.

Sec. 7 — The Review Board shall consider the written and oral arguments of the student, and the position of the Judiciary Council and the Dean of Student Affairs. The Board then shall decide in closed deliberation first whether or not an appellate hearing is warranted. If the Board decides that such a hearing is warranted, a determination then shall be made on the relative merits of the arguments and positions presented at the hearing. Consideration usually will be limited to a review of evidence and testimony presented at the initial hearing by the Judiciary Council, although the Board at its discretion may consider further evidence and call witnesses.

Sec. 8 — The decision of the Board shall be by a majority vote of those present at the hearing. Deliberations on the decision shall be in private among only the voting members of the Board. The decision shall be communicated immediately in writing by the Board to the student, with copies provided to the President of the Judiciary Council and to the Dean of Student Affairs. The decision of the Review Board on a case shall be final, to include:

- a. affirmation of the decision of the Judiciary Council; or
- b. dismissal of the case in light of factors related to Section 2(b) above; or
- c. remanding of the case back to the Judiciary Council for re-consideration or re-hearing in light of factors related to Section 2 above.

ARTICLE VII — RECORDS

Sec. 1 — The proceedings and minutes of each hearing or business meeting of the Council shall be maintained by the Secretary in a locked file. This file shall be subject to limited access by members of the Council and by the Dean of Student Affairs.

Sec. 2 — In all such cases where the student may be acquitted of charges, such acquittal shall be clearly noted in the Judiciary Council records and completely removed from the student's files.

Sec. 3 — All decisions on hearings shall be signed by the President or Secretary of the Council and kept with the hearing proceedings in the Council's files.

Sec. 4 — A copy of all case reports shall be kept on file in the office of the Dean of Student Affairs.

Sec. 5 — The defendant may request a taped hearing but must make such a request in advance of the hearing. The Council will keep such tapes until the possibility of appeal has passed.

ARTICLE VIII — AMENDMENTS

Sec. 1 — Amendments to this Constitution and By-Laws may be proposed by the Council or by a petition of fifteen percent (15%) of the student body.

Sec. 2 — Notice of proposed amendments shall be presented to the student body seven (7) or more days before being voted on.

Sec. 3 — Vote of two-thirds ($2/3$) of those casting ballots shall be necessary to adopt an amendment to this Constitution and By-Laws.

Sec. 4 — Amendments, unless otherwise provided for, shall become effective immediately upon public notice of their adoption.

PLACEMENT AND CAREER PLANNING

The University maintains a Career Planning and Placement Center located in rooms 208-210 of the Carlton Union Building. This Center has two outstanding functions. The first is to counsel all students, freshmen through seniors, in Career Planning. The second is to actively assist graduating seniors and alumni in obtaining full-time career employment.

The services provided by the Center include: career counseling for all students; maintaining a current resource library of information about careers, employment and trends, and specific job opportunities; providing on-campus interviews for seniors and alumni with local, state, and national employers; assisting students with resume preparation and interviewing techniques; posting of current, full-time employment opportunities; referring Placement data sheets to interested employers with specific job vacancies; maintaining up-to-date files and references for all students registered with the Placement Center; serving as a clearing house for off-campus part-time and summer employment; and conducting Career Seminars involving recent graduates and business, industrial and governmental agencies.

All students are urged to visit the Career Planning and Placement Center during their first year at Stetson University in order to avail themselves of the services offered.

COUNSELING AND TESTING SERVICES

THE COUNSELING CENTER, sometimes called the "Brick Palace," is located 100 yards due South of the duPont-Ball Library and offers a variety of services to Stetson students. Some of these services are personal counseling (held in confidence and not a part of the student's University record), group counseling, career and life planning, effective study techniques, testing programs; CLEP, SAT, ACT, GRE, LSAT, MAT, etc.; vocational testing and interpretation, educational decision-making, Community Outreach programs (volunteer work in community agencies), training in interpersonal relations, and graduate training in Guidance and Counseling.

RELIGIOUS ACTIVITIES

Religious activities are coordinated by the Religious Life Council (RLC). The RLC is composed of representatives from the various religious and denominational organizations on campus. It conducts an annual pre-school retreat and coordinates the religious programs and emphases at Stetson. (See also page 14.)

ORGANIZATIONS

 - d. List and description of officers and duties
 - e. List of committees and their functions
 - f. Provisions for amendments to constitution

ORGANIZATIONS — Following is a list by classification of organizations at Stetson University. These organizations are those officially sanctioned to function at Stetson in the 1979-80 academic year. Each student organization is required to register a Charter Renewal Form with the Director of Student Life no later than April 15 of each year declaring their intention to function as an organization the following academic year, and listing their officers and faculty advisor for the following year. Organizations failing to do this will forfeit the right to use University facilities or receive University funds. It is the responsibility of each organization to keep a current constitution on file with the Director of Student Life.

EXTRA-CURRICULAR ACTIVITIES

There are many varied activities in which students may participate regardless of their major interest. Several activities of the School of Music such as the University Chorus, the Concert Choir, the University orchestra, the pep band, the madrigal singers and others are open to non-music majors who qualify by audition.

The Speech and Theatre department offers many opportunities. Students interested in the theatre are urged to try out for acting, lighting, production, and costuming for each performance. Those interested in Forensics will be associated with students who have won numerous first place awards in national competition.

Every fall there are tryouts for cheerleaders. Various club/sports are available in addition to those described under athletics and intramural activities. Most of these such as archery, judo, karate, fencing and swimming are open to any student who wants to achieve special skills. (The required physical education courses also include golf, tennis, swimming and team sports.) The University swimming pool is a good place for fun and relaxation as well as for developing swimming ability.

Extra-curricular activities are by no means limited to students who have special talents or skills — one of the popular programs on the campus is called Community Outreach. This program, sponsored by the Counseling Center, gives students the opportunity to do volunteer work in area schools for retarded children, to visit in nursing homes, to work in the neighborhood center and other related agencies.

The student-chaired committees described in this handbook such as Parents' Weekend, Orientation, Green Feather and Homecoming, are always in need of good workers. One of the best ways to become a part of the University is to offer your services in some work of this kind.

REGULATIONS

RULES AND REGULATIONS

There have been several court decisions defining the relationship between students and institutions of higher learning. The contractual theory is probably the most prevalent and accepted relationship which presently exists among private institutions. This theory holds that students agree to abide by rules, regulations, and standards set down and published by the university. In return the university will offer a degree to those who meet the established standards. The contractual theory is well accepted by the courts in cases involving private institutions.

While it is the philosophy of Stetson to afford students all aspects of due process, the University does reserve the right to withdraw a student at any time for any reason deemed sufficient by the University.

RATIONALE FOR REGULATIONS

In any society, large or small, where people live in community, there must be certain ground rules established to guarantee the safety, rights and freedom of all concerned. This is also true of a college community. Stetson University does not exist as a sanctuary to provide refuge for those who wish to escape the responsibilities imposed by federal, state and local laws. The University does not condone violations of federal, state and/or local laws and appropriate action is taken by both the University and the local officials when such violations occur. If a student's case is adjudicated in a public court or hearing, this does not guarantee immunity from further review and action by the appropriate University official or judicial body.

PHILOSOPHY OF REGULATIONS

Just as each individual is unique in character and personality, so is an institution of higher learning. Just as an individual has a certain value system and a life directed by certain goals and objectives, so does an institution of higher learning. The character of Stetson University is to be found in its expressed values, goals and purposes. All students, friends, and employees have a vested interest in the character of Stetson University. All have helped and continue to help shape its character. Stetson's unique character as expressed through its people, programs, purposes, goals and values, must also be reflected in its rules and regulations.

Any time rules and regulations are established for a University, there are certain aspects of the University that must be taken into consideration. These characteristics at Stetson consist of the following:

1. The size of the University.
2. Its commitment to academic excellence.
3. Its University status with four different schools.
4. The liberal arts tradition.
5. The community in which the school is located.
6. The University's commitment to higher education presented within the framework of the Christian Ethic.
7. The University's relationship with the Florida Baptist Convention.
8. The University's commitment to teaching one not only how to earn a living but how to live a life of quality.
9. The diversity of the University community.
10. A recognition of the uniqueness and basic worth of each student.
11. A commitment on the part of Stetson University to expose its students to a life style that is consistent with the Christian Ethic while at the same time advocating freedom of expression and inquiry.

FORMULATION OF REGULATIONS

Any members of the faculty, student body or administration can initiate action to revise, change, modify or delete student conduct regulations listed in this book. Anyone wishing to do so should submit the recommendation to the Dean of Student Affairs who, after review, may send it to the Student Affairs Committee for further review, recommendations, and comments. If the Dean of Student Affairs refuses to take action on such a recommendation, the sponsor of the recommendation may submit it directly to the President of the University.

STUDENT CODE OF CONDUCT

Students are subject to federal and state laws and ordinances as well as regulations prescribed by Stetson University. The breach or violation of any of these laws or regulations may result in disciplinary action.

When a student's behavior either on or off campus interferes with the rights of others or reflects adversely on the University, the student may be subject to disciplinary action.

When a student is involved in an offense resulting in criminal conviction, the circumstances of the case may be reviewed by the Dean of Student Affairs to determine the status of the student.

In cases of extreme emergency, when the welfare of the individual or the University indicates the necessity of prompt decision, immediate administrative action may be taken.

Ultimately, it is the responsibility of the University Judiciary Council and/or the Dean of Student Affairs to determine a violation of the Student Conduct Code.

A. **ACADEMIC STANDARDS** — Academic honesty and integrity are essential to the well-being and proper functioning of an academic community. Any time an individual attempts to gain access to information pertaining to his normal course of study through dishonest means, the student infringes on the rights of all other members of the academic community. For this reason the following academic regulations exist:

1. No individual shall receive or attempt to receive information about normal course work that is intended to be done on an individual basis, either in class or out of class.
2. No individual shall knowingly give such information to another.
3. Almost every student has heard the term "plagiarism." Nevertheless, most entering freshmen fail to recognize either its full meaning or its seriousness. In starkest terms, plagiarism is *stealing* — using the words or ideas of another as if they were one's own. To most persons in the academic community, plagiarizing an individual's ideas is considered as bad or worse than theft of material possessions. Of course most students are too honest knowingly to present the work of another as if it were their own. For them the problem lies with *unintentional plagiarism*, thinking erroneously that they have changed the other's work enough to make it original with them. If another person's complete sentence, the syntax, the key word(s), or only the ideas and information is used, one must give that person credit in the footnote. Instructors would much rather answer questions concerning correct footnoting than face the possibility that one of their students is guilty of what is probably the most serious of all academic offenses.
4. No individual shall obtain or attempt to obtain in any deceptive or unauthorized manner information or documents such as tests, examinations, roll books, reports, etc., that is considered to be confidential or private property of individual faculty, administrative personnel or of the University.
5. Acts of academic dishonesty will be handled in the same manner as other violations of University regulations, when reported to the Dean of Student Affairs.

B. **STUDENT OFFICE HOLDERS** — This policy pertains to all strictly Stetson students, social, service, and specialty organizations that are sanctioned by the University and have in their organizational structure elected and/or appointed student offices or positions, with terms of more than one semester. This includes the Student Affairs Committee.

1. No student on either academic or disciplinary probation may run for or be appointed to an office or position during the time of the probation.
2. Any student who, while holding an office or position, is placed on academic probation shall be required to resign that position immediately in order that the student can regain his or her academic standing.
3. Any student who, while holding an office or position, is placed on full disciplinary probation for more than one semester shall be required to resign that office or position immediately, in order that the student may have time to better understand the regulations of Stetson University.
4. Any student officeholder who, while under the disciplinary probation outlined in Section 4, is convicted by University judicial action for any reason during the probationary period shall be required to resign that office or position immediately.
5. This policy does not preclude the possibility of an individual organization exceeding these minimum standards as outlined.

C. STUDENT CONDUCT

1. **ALCOHOLIC BEVERAGES AND DRUGS** — The possession or use of alcoholic beverages is not permitted on the University campus. The unlawful use or possession of drugs and paraphernalia not prescribed by a physician is prohibited. No student is to make drugs available to another person.
2. **AUTOMOBILES** — All students are allowed to own and/or operate an automobile on campus as long as it is properly registered and the rules and regulations of the Department of Security and Traffic are followed. Failure to properly register a motor vehicle or operate it in accordance with the traffic regulations may result in disciplinary action.
3. **DISORDERLY CONDUCT** — Any disruptive behavior that infringes on the right of others or the policies of Stetson is prohibited. Frequent examples are a) excessive noise or b) harassment. Ultimately the Dean of Student Affairs must determine what constitutes disruptive behavior.
4. **FIRE SAFETY** — Fire safety equipment is for the stated purposes. Students involved with the unnecessary handling or tampering with any fire safety equipment on campus will be subject to suspension. (Under Florida State Statutes Section 812.121, tampering with fire equipment is a third degree felony.)
5. **FIREARMS** — The possession or use of firearms on campus is prohibited.
6. **FIREWORKS/EXPLOSIVES** — The possession or use of fireworks, explosives, or explosive devices on campus is prohibited.
7. **OBSCENITY** — Students engaging in lewd and/or obscene actions are subject to disciplinary action from the University.

8. **PERSONAL INTEGRITY** — Any student who engages in acts of dishonesty, falsification of information or records, will be subject to disciplinary action from the University.
9. **PROPERTY DAMAGE** — The malicious or unwarranted damage to or destruction of property belonging to the University or to members of the University community is considered a serious offense and violators are penalized when apprehended.
10. **STUDENT EMPLOYEES** — Students are employed by the University in many areas. The Residence Hall staff and Security Guards are all students. They are considered a part of the Student Affairs Office and are entitled to the respect which their responsibilities demand. Any harrassment or efforts to interfere with the pursuit of their duties is considered a serious offense.
11. **SUSPENSION** — A student who is suspended or expelled from the University for any reason, academic or social, does not receive credit at Stetson for courses taken at any other school during the period of suspension.
12. **RESIDENCE HALL VISITATION** — Any violation of hall visitation regulations will be determined by the appropriate adjudicatory body. The University reserves the right to change hours when necessary.
13. **THEFT** — The taking or misappropriation of University property or property belonging to any member of the University community is prohibited.
14. **UNIVERSITY FACILITIES** — Students are not allowed in University buildings or facilities at times other than their normal hours of operation. Locked buildings or facilities are not to be entered.

D. ADJUDICATION PROCESS

An individual who violates University regulations shall have the option of having the case adjudicated by the Dean of Student Affairs or by the University Judiciary Council. Should an individual choose to have the case handled by the Dean of Student Affairs, the Dean may convene an Administrative Hearing Board. In either instance, the student shall be guaranteed all aspects of due process.

Violations of residence hall regulations are handled by the respective residence hall staff members, and may be referred to the Office of Residential Life. The seriousness of the offense may warrant adjudication by the Dean of Student Affairs.

Violations of University regulations by University organizations will be handled through the Office of Student Life and may be referred to the Dean of Student Affairs for adjudication.

Regardless of the disposition of any case, individual or group, the Dean of Student Affairs must assume ultimate responsibility.

VI

PARKING AND TRAFFIC REGULATIONS

PARKING AND TRAFFIC REGULATIONS

1979-80

REGISTRATION

1. Every Stetson student (resident, commuter, or part-time), faculty, administrative personnel, and staff member who operates a motor vehicle on the DeLand campus must register that vehicle. (Also see section on special permits and privileges.) This is normally done during academic registration, but may be handled at the Traffic office, second floor of the Carlton Union Building.
2. Registration Fee — Students and Faculty \$10.00
Staff \$ 5.00
3. Upon registering a vehicle, each driver is issued a bumper sticker which is affixed to the driver's side of the rear bumper. Special permits and guest permits are to be placed in the upper left-hand corner of the rear window.
4. Failure to register a vehicle by the fifth day of classes in any term will result in a late registration fee of \$15.00 in addition to non-registration fines. Those vehicles brought to DeLand after the term begins must be registered within five office days from the day it is brought to campus.
5. If the vehicle is sold during the year, and the person wishes to register another car, there will be a \$1.00 charge for that decal. If a second vehicle is registered during the year, there will also be a \$1.00 charge for the decal.

SPECIAL PERMITS AND PRIVILEGES

1. Temporary parking permits are given without charge for a period not to exceed three weeks. These may be issued to students who expect to have their vehicle on campus three weeks or less and are not expecting to bring it back to campus during the school year. These students do not have to buy a decal, but must register within five days after the vehicle arrives in DeLand. Failure to apply for a temporary permit will be treated as non-registration. Also, the following regulations apply to them unless otherwise stated.
2. Anyone who is physically handicapped or who, because of physical injury, would be inconvenienced to park in their assigned areas, may apply at the Security and Traffic Office for a special permit to park in areas centrally located to campus. This permit must be applied for within five days of the injury.

REGULATIONS

1. Every registrant is directly responsible for any violation for his or her vehicle, regardless of who may be operating the vehicle. **It is the responsibility of the registrant to explain the rules to the person who will be driving on campus.**
2. Parking on the grass, medians, sidewalks, and places not designated as parking areas will be illegal. Special loading requirements may be met by request in advance to the Traffic Office.
3. Certain traffic regulations will be enforced 24 hours a day. These include but are not limited to the rules prohibiting driving on the grass, parking in University fire lanes (Minnesota Avenue, C.U.B. Circle, Chaudoin Circle, in front of Conrad Hall, and between the Gordis and Smith Halls parking areas), speeding or reckless driving. All other regulations related to specific parking areas apply only on weekdays between 8:00 a.m. and 2:00 p.m.

4. Resident students (those living on campus in University housing) must leave their cars parked in their respective housing areas until 2:00 p.m. Monday through Friday, due to the shortage in the number of parking spaces on campus. All campus parking lots, other than residence hall lots, are reserved for commuters, faculty members and visitors.
5. Fifteen minute spaces are provided near each of the women's residence halls for loading, unloading, and short visits. Those having business lasting more than 15 minutes must park elsewhere in an approved area, depending on the type of vehicle registration.
6. Vehicles must be parked within the markers, if provided, in all campus parking areas. Parking over a line or parking in a manner as to obstruct the normal flow of traffic or hamper proper procedure is a violation.
7. A maximum speed of 15 miles per hour will be enforced on the campus at all times. Speeding, reckless driving, and similar offenses will be considered more serious than parking offenses and will be dealt with accordingly.
8. Reckless driving includes, but is not limited to, wanton disregard for life and or property while operating a motor vehicle on campus; driving the wrong way on a one-way road or lane, driving on the grass, sidewalks, medians, and other areas not assigned for general traffic, failure to yield right-of-way to pedestrian, driving at night without proper vehicle lights, and improper acceleration from a stop.
9. Abusive or argumentative acts against a ticketing officer will result in a fine and/or disciplinary action.
10. Motorcycle operators will follow the same traffic rules as automobile operators. Motorcycles must be registered, and they are prohibited from driving or parking on the campus sidewalks or grass.

PENALTIES

1. The following fines listed apply only to minor violations and do not apply in cases where a specific fine has been set in the preceding or following sections of the Traffic Regulations. Violations are accumulated on a school year basis.
 - a. First violation \$ 2.00
 - b. Second violation \$ 5.00
 - c. Third violation \$10.00

GENERAL INFORMATION

GENERAL INFORMATION

This section of the Handbook contains information about many things which you will need to know. The items have been arranged in alphabetical order for convenience and with no attempt to rank them in order of importance.

ADMINISTRATIVE RECORDS

There are a number of offices on campus where student records are housed. Students need to be aware of what types of records are maintained and where they are located. It is hoped the following index will be helpful.

- (1) **OFFICIAL ACADEMIC RECORDS** — All records pertaining to academic information such as grades, transcripts, etc., are housed in the Registrar's Office in Flagler Hall.
- (2) **PERSONAL RECORDS** — The official personal file is housed in the Office of Student Affairs in Flagler Hall. Letters of recommendation, personal letters, conduct information, and a running account of the student's life at Stetson are contained in these files.
- (3) **MEDICAL RECORDS** — All health forms and medical records are housed in the Student Health Service in the northeast wing of Chaudoin Hall.
- (4) **PLACEMENT RECORDS** — Students are urged to begin a Placement file during their freshman year. This will be a great assistance in gaining future employment. These records are housed in the Placement Office in the Carlton Union Building.
- (5) **COUNSELING AND TESTING** — Records which contain test scores and information of a counseling and guidance nature are housed in the Counseling Center.
- (6) **FINANCIAL AID** — Students receiving financial aid have a file which is housed in the Financial Aid Office in Elizabeth Hall.
- (7) **STUDENT ACCOUNTS** — Information concerning each student's financial account with the University is housed in the Student Accounts Office in Elizabeth Hall.

BUCKLEY AMENDMENT INFORMATION

Congress has approved and the President has signed into law the Family Educational Rights and Privacy Act of 1974, informally known as "The Buckley Amendment." The objective of the Act is to provide students and parents greater access to and control over information contained in educational records. Every institution receiving federal funds of any type must comply with the law. The law stipulates that each institution is responsible for making its students aware of the law and its various ramifications. This information is designed to accomplish that objective. *Please read it carefully.*

DEFINITION OF STUDENT — A student is one currently enrolled or who was previously enrolled.

DEFINITION OF RECORD — Within 45 days of receiving a request, colleges must allow students to inspect their "education records" which are defined broadly to include "records, files, documents, and other material which (1) contain information directly related to a single student; and (2) are maintained by a college or by a person acting for a college."

FINANCIAL FORMS AND CONFIDENTIAL LETTERS — Students are not guaranteed access to financial information furnished in the past or future by their parents, nor to confidential letters of evaluation which have found their way into records prior to January 1, 1975. As to such letters received after 1974, the law allows the student to waive his right of access, if the letters have to do with admission, employment or honors, if the letters are used only for those purposes and if the student is told, on his request, the names of all letter writers. No student or applicant may be required to execute a waiver; but an unsuccessful applicant, waiver or no, has no right to inspect all or any of the file accumulated in his case.

WHAT IS NOT A RECORD — FERPA II defines certain other material as falling outside the definition of "education records" and thus not (so far as Federal law is concerned) open to inspection by parents or students. Such materials are: a) the records about students made by teachers and administrators for their own use and not shown to others; b) campus police records, under certain circumstances; c) employment records for college employees who are not current students; d) records about college students or those over 17 years old "created or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional" acting or assisting in such capacity, for treatment purposes, and which are available only to persons providing such treatment.

PROCEDURE FOR CHALLENGE OF RECORDS —

Section 1. When any material is placed in the educational records (as defined by FERPA II) that makes an unfavorable statement about him, the student shall be notified of the filing within one week of the action. It is understood that the regular grade report is considered adequate notification.

Section 2. Upon notification of the placement of unfavorable material in educational records, the student shall be informed of his right to challenge the content of the material or the placement of the material. Moreover, the student shall be informed of his ultimate right to place documents on his behalf with the educational records challenged.

Section 3. The Challenge Board for hearings upon objections to the filing of materials in educational records shall consist of two administrators, two faculty members, and two students chosen by the University President. No member of the Challenge Board may have any direct or indirect interest in the outcome of the hearings.

Section 4. The Challenge Board shall adhere to the procedures utilized by administrative disciplinary boards so long as they are not inconsistent with the provisions of Title 45 Code of Federal Regulations Section 99.21.

What kinds of information about a student may be released, to whom, and under what conditions?

DIRECTORY INFORMATION — Such information may be unconditionally released to the whole world, without the consent of the student, unless he has specifically asked that his prior consent be obtained. "Directory Information" includes a student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational institution attended by the student.

ACCESS WITHOUT STUDENT CONSENT — FERPA II expands the list of people who may have access to a student's actual record (or to receive personally identifiable information contained therein) without a student's consent:

Teachers, administrators and the like (in the same institution) may look at the record if they have a "legitimate educational interest."

Colleges may transfer information: a) to other educational institutions in which the student intends "or seeks" (new) to enroll (though the student must be given a copy of the record, if he wishes, and an opportunity to challenge it); b) to enumerated public officials (like the Comptroller General of the United States) and c) "in connection with a student's application for, or receipt of, financial aid."

Five new categories of recipients are: 1) state and local officials to whom state law in effect on November 19, 1974, required information to be reported. This presumably was added in recognition of the common statutory requirement that certain kinds of infectious diseases, gunshot wounds, and the like be reported to public authorities; 2) organizations like ETS and CEEB in connection with "developing, validating, or administering predictive tests, administering student aid programs, and improving instruction," but such organizations must not show the personally identifiable information to outsiders and must ultimately destroy it; 3) "accrediting organizations in order to carry out their accrediting functions"; 4) parents of a student who is a dependent for income tax purposes. (The HEW regulations, when issued, should make clear when a college may reasonably assume that a student is an income tax dependent.); 5) "appropriate persons" in the case of health and safety emergencies, with the details left for enunciation in HEW regulations.

Other than in the exceptions just listed, or in the case of directory information or in responding to judicial process, a college may not release "personally identifiable information in education records" or allow anyone access to those records, unless the student has given his written consent "specifying records to be released, the reasons for such release, and to whom" and a copy of the released records is furnished the student.

JUDICIAL PROCESS — If the college is responding to a court order or subpoena, it is under no requirements to give a student a copy of the materials furnished, but it must notify him "of all such orders or subpoenas in advance of compliance therewith." It is to be presumed that the HEW regulations will require only reasonable notification efforts by a college before the due date of a subpoena.

CUSTODIANS OF RECORDS — Your records at Stetson are found in two locations. Your personal records are housed in the Office of Student Affairs and your official academic records are housed in the Registrar's Office. If you wish to examine your records in either of these offices, you should make an appointment to do so.

RELEASE OF INFORMATION — If you are not claimed by your parents as a dependent for tax purposes and do not want your grades sent to them, you need to come by the Office of Student Affairs to execute the necessary forms. Likewise, if you do not want "Directory Information" released, you should come by the Office of Student Affairs and execute the necessary forms.

If you do not wish any organization to which you belong, such as a fraternity or sorority, to have access to your grades, it is necessary for you to sign a statement to this effect in the Office of Student Affairs.

If you need further information concerning the Family Educational Rights and Privacy Act, please feel free to come by the Office of Student Affairs for assistance.

The University reserves the right to withhold grades and transcripts in cases of delinquent accounts.

ARTISTS AND LECTURERS COMMITTEE

The Artists and Lecturers Committee, composed of faculty and students, is appointed by the President of the University and charged with the responsibility of enriching the cultural life of the Stetson community by bringing to the campus outstanding speakers and performers in the arts, letters, and science. The committee attempts to supplement those areas of the University curriculum that are already strong and to add variety by bringing programs in those areas not represented on our campus. This committee works closely with the Model Senate, the Poetry Symposium, and the Winter-Term Committee to integrate and coordinate cultural programs.

Although the emphasis changes from year to year, the following list from 1978-79 may serve as an example of the type of program that you may expect to experience in any academic year at Stetson. In the field of music, the committee brought the internationally known organist, Robert Noehren, the bass vocalist, Albert Gammon, and the Rocky Mountain Brass Quintet. In the field of political science, the British United Nations Ambassador, Sir Ivor Richards, and Senator John Culver from Iowa spoke on our campus. The National Shakespeare Company packed Stover Theater in a return performance, and the Motley Mime Crew added variety to the University theater program. The appearance of the Atlanta Ballet was a high point in the year's music and dance program. In the field of scholarship, three speakers were brought to Stetson: Peter Gay, Durfee Professor of History at Yale University; the noted black writer-scholar, James Haskins; and the mathematician, William H. Caldwell. Each year the committee sponsors two or more art lecture-exhibitions in the Sampson Hall Gallery in order to bring to our community representative works from leading artists in America. This year's program included ceramist Cynthia Bringle and art historian Pierro Morselli from Florence, Italy. The Poetry Symposium, continuing its tradition of inviting outstanding poets such as Richard Wilbur and Richard Eberhart, featured X. J. Kennedy in the 78-79 Symposium. It is the hope of the committee to be able to put together a program of equal interest and variety for this year which will guarantee enthusiastic student response.

The faculty and student members of the 1979-80 Artists and Lecturers Committee are: Dr. Mario Aldana, Dr. Jesse L. Berry (Chairman), Dr. Bruce Bradford, Dr. E. C. Coolidge (Vice-Chairman), Mr. Mike Dell, Ms. Esther Edelberg, Mr. Rodney Ellis, Ms. Marjorie Gilbert, Mr. Alan Graulich, Ms. Lauri Jackson, Dr. William Johnson, Mr. Fred Messersmith, Mr. Clark Watters.

CAMPUS SOLICITATION

Students should not purchase magazine subscriptions or other items from solicitors who do not have a permit card signed by a member of the Student Affairs staff. In order to protect the privacy and the property of students, door to door solicitation is never approved. Many students have paid for goods they never received because they failed to be sure the salesperson had been screened and approved. Any suspicious person should be reported immediately to Security or to the Office of Student Affairs.

EMERGENCY LOAN FUND

An Emergency Loan Fund is maintained in the Office of Student Affairs. Capital for this fund is provided by the University from private donors and the annual Green Feather Charity Drive, and is maintained only by repayment of loans made. The fund is administered by the directors in the Office of Student Affairs, who determine whether the student's need is truly a deserving and legitimate emergency, such as medical needs, emergency transportation, or other justifiable reasons. The amount of the loans varies according to the need, but generally is in the \$10 to \$50 range. There is no interest charged, and a reasonable time is allowed for repayment. All loans are to be repaid by the end of each academic year.

FINANCIAL AID TO STUDENTS

The purpose of the Financial Aid Program at Stetson University is to make available financial assistance to any student who qualifies for admission, but would be unable to enroll or continue his education due to financial circumstances beyond his control.

After an applicant is accepted for admission, his Parents' Confidential Statement has been appraised, and an amount of financial need has been established, the Financial Aid Committee determines which type, or types, of aid will best fit his circumstances. Most applicants will have their need met through a combination of various types of aid.

Financial aid is awarded to Stetson students on the basis of need and a request must be submitted each year for renewal.

INVITING SPEAKERS

All organizations or individuals who wish to invite speakers to the campus must first have the invitation cleared on the University calendar in the Office of the Director of the Carlton Union. This calendar is a clearing house or coordinating agent for such invitations. If this procedure is observed, it will eliminate duplicity of invitations.

MARRIED STUDENTS

Married students do not have a formal organization. However, the Office of Student Affairs strives to assist them in every possible way. The staff is glad to arrange occasional social affairs or informational meetings. The University has limited housing for married students and these rentals are handled through the Office of Student Affairs. This office also provides information concerning non-University housing.

ORIENTATION PROGRAM

The Orientation Program is one of the responsibilities of the Office of Student Affairs. The Orientation Committee is chaired by students who lead in the planning of the program designed to help new students become acquainted with the University. In addition to the orientation activities, each new student is assigned an Orientation Advisor, an upper class student who assists the students in their academic planning and social adjustment at Stetson.

PRINT SHOP

The Print Shop, on the ground floor at the Southeast corner of Flagler Hall, is available to the students for the copying of theses and term papers when 15 or more copies are required. Services are also available to all campus organizations for the printing of stationery, programs and notices. Hours are from 8:00 a.m. to 12:00 noon and 1:00 p.m. to 4:30 p.m. during the school year.

THE REPORTER

The weekly newspaper edited by students is called the *Stetson Reporter*. It is the oldest college newspaper in Florida.

RESERVE OFFICERS' TRAINING CORPS

ROTC training is an elective course for both male and female students at Stetson. Instruction is given in a general program, stressing military subjects applicable to the Army as a whole, with emphasis on leadership. The basic and advanced courses normally require two years to complete and admission to the advanced course is by selection and by successful completion of the basic course. Exceptions may be allowed to those given credit for prior active military service or to those who enter the two-year program and qualify for the advanced course by satisfactorily completing a six-week "basic camp" or a summer training program conducted on campus. ROTC graduates are commissioned as 2nd Lieutenants in the U. S. Army Reserve, or in the case of Distinguished Military Students, the Regular Army. Advanced course cadets must be U. S. citizens and may qualify for any of the Army branches authorized to give commissions, dependent upon a student's talent, desire, and the recommendation of the Academic Military Branch Selection Board, and Department of the Army quota requirements. A limited number one-, two- and three-year ROTC scholarships may be awarded to outstanding military students. Criteria for selection include grades, test scores, military proficiency, leadership ability, extra-curricular activities and physical aptitude. The scholarships include tuition, books, academic fees and pay of \$100.00 a month. Uniforms and textbooks for ROTC students are furnished free, and two hours of college credit is allowed for each semester completed.

SCHEDULING EVENTS

The University master calendar is kept in the Office of the Director of the Carlton Union. This calendar should be checked before plans are made for any social or academic affairs in order to avoid conflicts. All events must be scheduled on this calendar. Arrangements for the use of most buildings and rooms are also scheduled in this office, but in cases where certain buildings are scheduled elsewhere, the person who schedules the event will be advised where these requests should be made.

All committee rooms and dining rooms in the Carlton Union Building are scheduled with the Director of that building after the master calendar has been checked.

CAMPUS SECURITY

In 1967 Stetson University initiated a new program in campus security. Campus security at Stetson University is operated by full-time students. The Security Guard, which is composed of approximately 30 persons is on duty 24 hours a day, and through its very sophisticated communication system and extensive training program provides security for the University and its students which has proven to be highly successful.

The Security Guard is responsible for guaranteeing student safety, as well as security of University buildings and grounds.

The Security Guard exists for the welfare of each member of the Stetson community and is there to serve whenever needed. Every student should be alert to report to the Security trespassers on campus or any suspicious person or situation.

In 1975 the duties of traffic coordination were combined with those of the Security Guard.

STUDENT AND FACULTY ADVISORY PROGRAM

Upon arrival at Stetson each student is assigned a faculty advisor and a student orientation advisor. During Orientation Week in September, the student orientation advisor meets frequently with groups of new students to help in academic planning and social adjustment at Stetson.

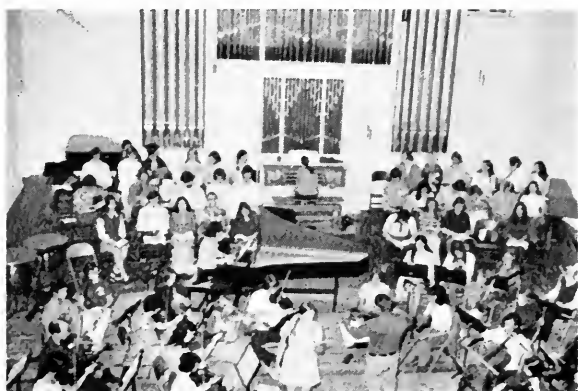

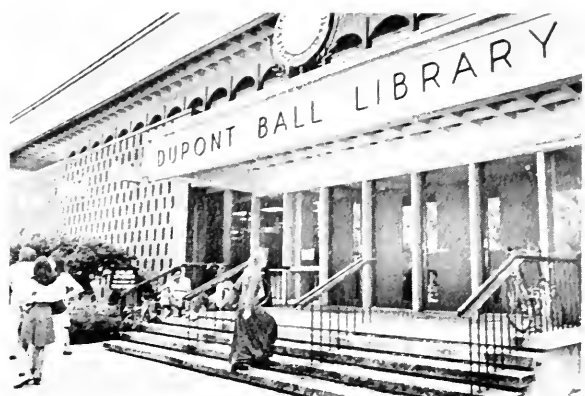

The faculty advisor helps each student plan an academic program and assists in class scheduling. Additional meetings with the faculty advisor will be held during each semester for similar planning and any additional academic problems that may arise. Each student should be encouraged to make full use of these people and other University personnel to head off an academic problem before it becomes serious.

STUDENT IDENTIFICATION CARD

When a student registers for classes, he is issued an identification card which contains his picture, name, address, student number and birthdate. This I.D. card also serves as a student activity card and must be used to gain admission to University-sponsored activities. It also serves as a library card and a meal ticket for boarding students. Should the student have to leave the University for any reason during the year the card is turned in to the Office of Student Affairs. Lost I.D. cards are replaced for a nominal fee.

SUMMER ORIENTATION AND PRE-REGISTRATION

Freshmen who have been accepted for the Fall are invited to come (with their parents) to the campus on a specific day to take exemption and placement tests and to meet with faculty advisors. This is followed by pre-registration for the Fall Semester. Parents have the opportunity on this day to sit in on orientation discussions and to meet with the President of the University, admissions officers, and other administrative personnel.

Charges are for the full meal service, 21 meals a week. An optional 15 meals per week plan is available for all students and a 5 meals per week plan may be purchased by juniors and seniors in residence halls as well as all commuting students. Resident freshmen and sophomores, and all resident upper-classmen receiving more than \$500 in financial aid (other than loans) must purchase meal tickets. The University reserves the right to adjust prices on meal plans at the beginning of each term. A \$5 charge is made for each meal ticket lost. Changes in meal plans can only be made at the beginning of a semester.

SPECIAL CHARGES

New students pay an orientation fee of \$15. There is a deposit of \$15 for those participating in the R.O.T.C. For graduate students, there is a fee of \$18 for binding three copies of the thesis, and a fee of \$6 for each additional copy bound. There is a general University annual fee of \$135 covering all full-time undergraduate students. All other day students are assessed a \$35 general fee.

INSURANCE

The University does not provide accident or health insurance for students. Optional outside student insurance may be obtained at personal expense by the student. Free Infirmary services are provided for minor illnesses, but do not include doctors' prescription or antibiotics which are provided at cost.

The Comptroller can provide information relative to local insurance agencies which may serve the needs of the students.

STUDENT BILLING

Regular students taking eight or more credit hours in the fall and spring semesters will be billed on an annual basis for the school year. Half of this bill must be paid before, and no later than, the date of registration for the fall semester. The remaining half must be paid no later than the date of winter term registration. Students who take seven or fewer credit hours in the fall and spring semester will be billed each semester, as will graduate and post-graduate students. The full amount of this bill must be paid before registration. Registration is complete only when all charges have been paid. Any arrangements for deferred payments must be established before registration, through one of several tuition financing agencies. If necessary, write the University Comptroller for detailed information and contract forms.

STUDENT WITHDRAWAL AND DROP REFUNDS

A student withdrawing during the first seven weeks of a semester will receive a prorated tuition refund as follows: During the first week, 90 per cent; up to and including two weeks, 80 per cent; between two and three weeks, 60 per cent; between three and four weeks, 40 per cent; between four and five weeks, 20 per cent; and, between five and seven weeks, 5 per cent. After seven weeks of a semester no refunds will be made, except for severe illness or other emergency. In the summer or winter terms, students who withdraw within the first week will receive a refund of 50 per cent. After one week, no refunds will be made, except in unusual cases as explained above. One half of the winter term tuition is charged each student who withdraws at the end of the fall semester, except students who graduate then. All students must attend the winter term; approval of an academic Dean will be required for a student to miss a winter term. Students who vacate the residence halls after registration will receive a refund minus a one hundred dollar (\$100.00) charge plus five dollars (\$5.00) per day of occupancy if they withdraw before the end of ten (10) class days. No refunds shall be issued for a student after this period. Meal ticket charges are refunded on a prorated basis for the period after the withdrawal date. Courses dropped during the first week of the semester* are given a 100 per cent refund. No refund after the first week is permitted. No adjustments — other than those described in this paragraph — are made for any fees.

*Dates differ for Winter and Summer terms. Please consult University calendar.
